Scope of Project

We never met a butter cookie we did not like. Modernizing and upgrading bakeries is something we have done for Buttercooky Bakery in both Manhasset and Huntington. Applying stucco, stone, and glass in both interior and exterior applications made for a warm engaging environment for people to enjoy and unwind with a tasty treat. We're planning in 2024 for another location in Floral Park.

Project Location: Huntington & Manhasset, NY
Project Cost: \$1.6M
Project Duration: 2 months
